

European Graduate Program

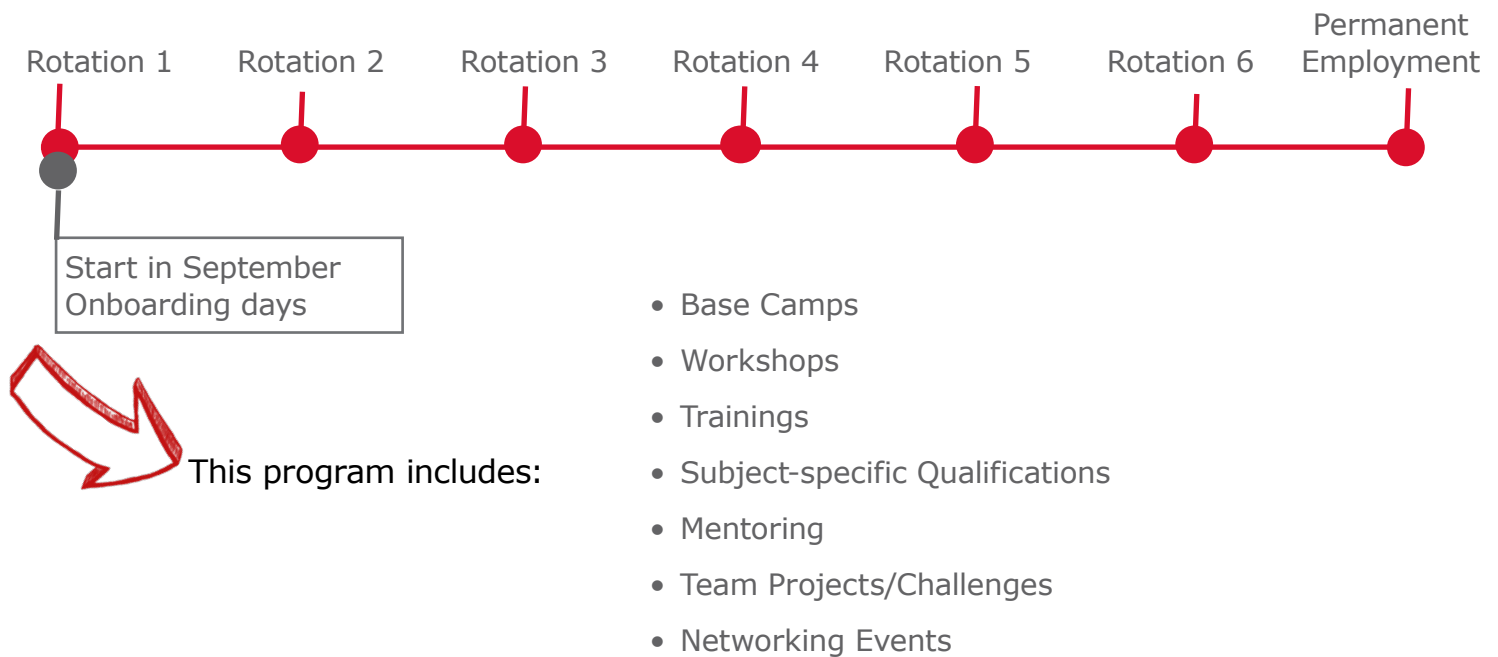

**Do you want to use your expertise to build a career with us?
Then our Graduate Program is just right for you.**

You will dive deep into your subject matter, benefit from our top know-how and get to know our company intensively. We will set you challenging tasks and move you forward in a targeted manner. Together, we create the basis for your long-term success as an expert with us.

Program

You rotate through different departments and build up your personal network to successfully start your future role later on. The Graduate Program creates the ideal basis for your start at OSI!

What to expect

- You quickly take on responsibility and get to know all facets of your field in projects as well as in day-to-day business
- You benefit from comprehensive support from an experienced mentor and experts from specialist departments - including regular feedback
- You will build up a comprehensive network within the company, from which you will benefit in the long term
- You can set individual priorities within the program - and thus actively shape your future
- You have the option of completing some training stations abroad

European Graduate Program
