Chicken variety from OSI Rushan

juicy & tender as a snack or whole meal

- **Vertically integrated business: from feed to the finished product**
- **High level of certification with the LRQA Farm First Platinum**
- **Highest animal welfare standards through the entire supply chain**
- **A wide range of product opportunities**
- **Whole muscle assortment**

Our OSI Rushan plant in China, founded in 2009, is a **completely vertically integrated** business. It covers the entire value chain, **from feed production** to **raising** and **slaughter** to **processing**. We exclusively use **premium birds**. Our chickens are raised without antibiotics, defined by the WHO as HPCIA for human medicine, without growth hormones, and are **100% free-range**.

The plant offers a **wide range of products** and a variety of **production methods,** including roasting, braising, grilling, frying and breading. Safety and quality are top priorities at every single step. The facility is fully committed to a **high standard of chicken welfare across the supply chain** and has been awarded the **Good Chicken Production Award** (GCPA) with 3 stars.
